THE RICHMOND DISPATCH .-- SUNDAY, MARCH 8, 1891.

No Witnesses for Defen

No Witnesses for Defence. At the conclusion of Mr. Childrey's re-examination Commonwealth's - Attorney Smith rested the case for the prosecution. Major Stringfellow arose and said: "If your Honor please, your duty in this preliminary stage is that simply of an ex-amining court, and of course you look at the matter in a different light from what a jury would in coming to a final conclusion.

THE CASE SENT ON.

Justice Crutchfield : The connect for the defence has expressed my position correct-ly and much better than I could have done myself. This is merely an examining court, and there is nothing left but for me to send the case on to the grand jury.

"I wish you would execute those was rants on Mr. Grymes."

The special session of the Police Court had just been opened and Justice Crutch feld addressed this remark to Sergeant George H. Matthews, of the First district. That officer pushed his way through the dense crowd that stood to the right of the Justice, and advancing to the front of the bar handed five papers to Mr. E. Buford Grymes, who until last Tuesday was the first clerk in the office of the City Trea-

This was the step which led up to the beginning of the preliminary hearing in a case of alleged embezzlement of municipal funds which has attracted a great deal attention and been the subject of universal comment. The crowd in the dingy old court-room

was not only unusually large, but composed of a different class of people from those who usually throng this temple of justice. Instead of the loafing element it as a concourse of business- and professional men upon whom the eye rested. It was about 11 o'clock when the friends

of the accused and people of a curious turn mind began to drop in By 12 o'clock all the available space in the room was o cupied. Among the well-known people present

were Alderman J. W. Carter, D. C. Richardson, Dr. W. T. Oppenhimer, Louis Rawlings, P. J. Burton, Jackson Bolton, Captain J. H. Redwood, Councilman A. C. Houston, Fire-Commissioner Joseph L. Levy, Professor S. T. Beach, W. Shirly dson, L. A. Graves, John S. Harwood, A. D. Landerkin, Captain Hall, Frank T. Bates, I. Henry, B. M. Baylor, Lee M. Crutchfield, John P. Quarles, J. M. Macon, 8. M. Page, Robert Harrold, Jr., Charles E. Wortham, Jr., Dr. J. B. Wood, W. D. Courtney, Jefferson Wallace, C. I. Philips, P. W. Rafter, and Richmond Lewis.

A LONG CONFERENCE. The promptness which usually characterizes this court was not exhibited on this occasion for the reason that the accused and his counsel were holding a conference in the Justice's office and that the Commonwealth's Attorney and the Police Justice were also in consultation, It was 12:30 when Messrs. George D

Wise, Charles S. Stringfellow, M. L. Spotswood, and A. B. Guigon, counsel for the defence, with their client and Messrs. Peyton and Robert T. Grymes, brothers of the accused, entered the court-room and took seats within the space reserved for members of the bar. Mayor Ellyson and Commonwealth's-

Attorney Smith occupied seats between the bar and the bench.

NEW WARBANTS ISSUED.

Justice Crutchfield ascended the bench a few minutes later, and as soon as Clerk Edgar White could finish copying the new warrants that it had been decided to issue there were three gentle taps, and Sergeant Thomas was directed to call the court to order. This he did by commanding siance and asking the gentlemen to remove their hats. The five new warrants after being read by Mayor Ellyson, upon whose information they were issued, were signed by Justice Crutchfield and handed over to

fficer Matthews for service. The first of these charge that E. Buford Grymes had within six months past, being then and there an agent, employé, and of-ficer of the city of Richmond, and as such having custody of public funds of said city, did unlawfully and feloniously, knowingly misuse and misappropriate \$64.25 in United States currency, the goods, chattels, and moneys of the said city, and did knowingly dispose of the same otherwise than in accordance with law. The other four are for the four specific bills alleged to have been appropriated-E. Schaefer, \$6.15; Watkins Hardware Company, \$21; Joseph L. Levy, \$13.20; and Thalhimer Brothers, \$23.85.

Mr. Childrey was then asked by counsel to examine the Treasurer's books to see if he could find Thalhimer's bill listed. He looked and said he could not.

Q. Did you have any conversation with Mr. Grymes that morning?
A. Yes, sir. I met Mr. Grymes and asked him to take his books and come into the Auditor's office. I asked him to look on the books and see if he could find the missing bills entered. He looked over the Treasurer's books and said he could not find them, and that they were not there. I them put my finger on the page of the Anditor's bill-book where the Thalhimer bill was checked February 24th and asked Mr. Grymes whose figures they were. He said they were his figures and that he would give the Auditor an order on his salary to settle for the amount. I declined to accept this, as I receive no money without a warrant from the Auditor? " He and I then walked in to the Treasurer's office, and he asked us again what he had better do. I advised him to go with me to the Mayor's office and hay his case before his Honor and let him advise what should be done. He agreed and we went to the Mayor's office.

A. Yes, sir. Q. Is the settlement for the 24th of that month in the handwriting of Mr. Grymes?

A. I think so. Hereupon Mr. Gnigon, "to refresh the witness's memory," as he said, asked wit-ness if he did not remember showing him (Guigon) the settlement-book and telling him that it was not Mr. Grymes's hand-

amining court, and of course for what a the matter in a different light from what a jury would in coming to a final conclusion, as it is your position merely to examine and see whether there is a slight reason to suppose that the party should be sent on and not pass upon his guilt. We do not care to take up the time of the Court in an examination, not even so far as to infro-duce our own testimony. So far as we are concerned we are entirely willing to rest the case after it has been proven that these settlements are never correct; after it has been proven that five persons write upon these books; after it has been proven that dwo persons have access to the cash-drawer. Mr. that if was not an organized one Mr. Childrey said that he may have done so, but that he had been so worried about the case that he failed to remember most anything correctly.

these books: after it has been proven that five persons have access to the cash-drawer, and after there has not been one word of proof that Mr. Grymes made an entry in the Auditor's books at all, (because if you take his statement in part —which I have never seen done—yon must take has statement altogether.) and the only scintilla of proof that he made the entry is that he said to the Mayor that while the figures looked as if he made them, he must have been asleep when they were made, and he had no recollection of the matter at all. It is a substantial denial, and no witness testi-fied to the contrary. And here we will sub-mit the matter to your Honor's decision." THE CASE SENT ON. MADE NO SECRET OF IT.

Q. Did you ever remonstrate with Mr. Grymes for taking eash out of his drawer and not putting a ticket in it? A. I did, and his reply was that he was appointed by the Council and that his bondsmen were responsible for his acts. Mr. Wise asked the witness if the drawer referred to was (trunned's?

Mr. Wise asked the witness if the drawer referred to was Grymes's? "Yee," was Mr. Childrey's reply. "Haven't you just testified." asked Mr. Wise, "that other people could go in it?" Mr. Childrey replied: "We call it his drawer because it was near his desk and he kept the money collected on his side is it."

A. Yes, sir.

A. 165, SI. SETLEMENT-BOOK SENT FOR, While Mr. Childrey was on the stand a subpœna was issued for young Mr. Rey-nolds and placed in the hards of Policeman Talman for execution. The officer was also told to stop by the City Hall and get the "bletter" or "settlement-book" from the Tracemork office

WAIVED IN FOUR CASES. After some consultation with his associ-ates Mr. Wise stated to the Court that as the evidence in all the cases was practi-cally the same they would not consume the time of the Court, but would waive exami-nation in each of them. Commonwealth's Attorney Smith then told the Justice that the original five war-rants on which Mr. Grymes was first ar-rested had better be quashed, as the pro-ceedings were now on the new ones, and it would not do to send the accused on in ten cases. The old warrants were accord-ingly endorsed "dismissed." WITNESSES RECOGNIZED. the Treasurer's office. When Mr. Talman returned he stated that Mr. Reynolds was at home sick. He brought the desired book, however, which was used later on. The Bill Clerk's Evidence.

The Bill Clerk's Evidence. Mr. Joseph M. Shelton, the Bill Clerk in the Auditor's office, was the next witness. His statement was substantially as fol-lows: "I am Bill Clerk in the Auditor's office and make out the gas bills. First I get the books from the Inspector, in which are entered the names and state of meters of each consumer. I then make out the bills and deliver them in bulk to the Gas Inspector and his men deliver them. Be-fore doing this I list them in a ledger. When bills are paid they are checked on this ledger in the Auditor's office."

By means of the Treasurer's and Audi-tor's books the manner of checking off was illustrated by Mr. Shelton. Coninuing his testimony, the witness said ;

THE ENTRY DISCOVERED. "On March 2d, when making out the delinquent list for the Second district I saw that Bill 546 had been checked in a handwriting which was not that of Mr. Williams or Mr. Turpin, but apparently of Mr. Generating and the second distribution of the second distributii

Williams or Mr. Turpin, but apparently of Mr. Grymes. I made a memorandum and told the Gas Inspector. It struck me that it was strange that Mr. Grymes should have checked a bill on the 24th when I knew he was checking off on the 25th and not on the 24th. Mr. Knowles and myself examined the Treasurer's book, but could not find the bill entered as paid. Mr. Knowles went to Thalhimer Brothers and got their receipt and reported back to me. We went over the Treasurer's books again, but could not find it, and so reported to the Auditor.

Q. There was a shortage or surplus nearly every day? A. Yes, sir. Q. Do you know whether Mr. Grymes paid Mr. Reynolds? A. He told me so. Q. Mr. Grymes's work was such that he meeded some one to help him all the time? A. Yes, sir. The fact is that so many persons fail to pay their money after get-ting receipts that it frequently happens that we are short every day in the week when very busy and the office is crowded. Q. The work is so heavy? A. Yes, sir.

Mili-tary discipline is of slow growth. It is the gradual development of a military career. When we reflect that a large percentage of the men are recruits with but a few weeks' or a few months' experience, we should wonder not that the discipline is often very lax, but rather that it can be main-tained at all.

An Immigration Question. RICHMOND, VA., March 4, 1891.

To the Editor of the Dispatch :

REGIMOND, V.a., March 4, 1891. To the Editor of the Dispatch: We are in receipt of quite a number of letters from Norwegians who have settled in North Dakota, and who with many others represented by them are anxious to emigrate to Virginia. They are represented to be a hard-working, thrifty set of people and most excellent farmers. They have farms which they are cultivating, usually containing one hundred and sixty acress each, but have very small means outside of their farming implements and stock. Our object in writing to you is to inquire through your valuable paper (if yonabould deem this communication worthy of a place in its columns) whether any plan can be devised to settle these people in a colony on a compact body of land in our State. They would exchange their lands and grow-ing erops in Dakota for land here if they could realize enough in ready cash to pay the expense of removal of themselves and formed that the railroad authorities of the vorthwest as well as the tradesmen of the towns along the lines of the railroads do everything in their power to dissuade these people from leaving their section. We shall be glad to have any practical suggestion from you or any of your readers who may be interested in the subject. Tours very truey. HENRY L. STAPLES & Co.

ANNOUNCEMENT. Office Bichmond Music Company, (Successors to Sanders & Rayman) No. 7 E. Broad street, Bichmond, Va. E. T. Pault, Manager. The Richmond Music Company take pleasure in announcing to the citizens of Richmond and the people of the States of Virginia and North Carolina that they have become successors to the Richmond branch-house of San-ders & Stayman's large and flourish-ing business, which has been under the able and efficient management of Mr. E. T. Paull. For some time past the Chaego, III., have been carefully watching the progress of the South, having in view the estab-lishing of a branch of their extensive busi-ness at the most important point. These two manufacturing companies represent unlinited capital, and after becoming sat-isfied that Richmond, Va., was the best distributing point overtures were made and the Richmond branch-house of San-ders & Stayman has been secured and the Richmond branch-house of San-ders & Stayman has been secured and the stein of firm-name will distributing point overtures were made and the Richmond branch-house of San-ders & Stayman has been secured at great cost, and the style of firm-name will be known hereafter as the Richmond Music Company. We are pleased to state that the charge of the new business will remain under the management of Mr. E. T. Paull, as heretofore. It is the purpose of the Richmond Music Company to sell planos and organs direct from the fastories to the public, thus se-curing to purchasers the lowest nossible prices for the best instruments and on the easiest terms. We shall keep constantly in stock at our warerooms, No. 7 east Broad street, Rich-mond, Va., the largest assortment of in-struments to be found anywhere in the South. We cordially invite inspection and criticism as to the merit of our goods, prices, &c. We respectfully solicit your patronage, which will have our careful and prompt attention and will gladly and cheer-fully give any information that may be de-sired. We remain very truly. RICHMOND MUSIC COMPANT. E. T. Paull, Manager.

A bounteous supply of wines, cigars, fruits, and other delicaces served to make the occasion more agreeable to the officers, who discussed military affairs with great interest amid still greater clouds of cigar

interest amid still greater clouds of theat smoke. Major Simons introduced to the meeting Major John H. Difineen, who read an in-teresting paper upon Militia Law. In commencing his address Major Dinneen gave a brief synopsis of the mili-tary law of Great Britain, dealing both with her knights and peasant soldiers.

These warrants differed from those on which Mr. Grymes was first arrested to the extent of making each alleged offence a distinct charge of felony.

BEADY TO PROCEED.

When Sergeant Matthews served these warrants on Mr. Grymes, the latter took them in his hand and after reading them carefully handed them to his counsel, Messes, Wise and Stringfellow, who held a short whispered consultation over them. Colonel Spotswood inquired of the Court if the warrants were not different from those on which the accused was first arrested. Commonwealth's-Attorney Smith said that they were, but that if the defence were taken by surprise the prosecution would be perfectly willing to consent to a continuance.

To this Colonel Spotswood replied that they were not taken by surprise and were ready to proceed.

The witnesses in all the cases were called and sworn.

The Thalhimer Case.

The Thalhimer Case. Mr. Smith stated to the Court that he would prefer that the case of Thalhimer Brothers should be taken up first. This was agreeable to all and Mr. Gus Thalhi-mer was first put on the stand. He stated that the last gas bill paid by his firm was on February 24th. A young man in his employ named Warriner paid it. — Mr. Warriner, being present, was called the witness-stand. He stated that he may employed at Thalhimers' and paid their gas-bills for them. The last one he id was on February 24th.

SENT FOR THE BOOKS.

RINT FOR THE DOORS. As soon as the Treasurer was called, it at one appeared that it would be necessary to send for the Treasurer's books before any headway could be made. The Childrey explained that it was the hat day on which gas and water bills in the biggest district in the city could be sold and that to bring down the books would be to virtually put a stop to busi-net and sarfully inconvenience the gene-al public. It was decided that the books would be to virtually put a stop to busi-net an faarfully inconvenience the gene-al public. bill, the name of the consumer, and amount. Q. What is your manner of settling up cash at night? A. Every day about 3 o'clock, sometimes later, the accounts of the two money-drawers-one kept by Mr. Grymes and the other by Mr. Greenhow- are settled up. We add up what is received-so much water or so much gas-and then the war-rants from the Auditor for different ac-counts. We count all of our money first and make it tally with what the receipts should be. If they don't tally we go over them and continue this until the accounts balance.

CLOSELY CROSS-EXAMINED.

Mr. Childrey was then cross-questioned closely by counsel for the defence as re-gards the manner in which his books are kept and as to the relations of his office to that of the Auditor. "Is not the Auditor's office a check on the the second are not the the Treasurer's office, and are not the books kept in that way?" asked Major Stringfellow.

"Yes, sir," replied Mr. Childrey.
Q. There being a check, if a party receives the money and fails to pay it in he would necessarily know it would be found out, would he not?
A. "No, sir, not necessarily."
Q. I understand, Mr. Childrey, that the essential object and nature of the Auditor's office is that of a check on the public money. That being the essential nature of the office I take it for granted that a comparison of the books kept by the two offices would necessarily show a discrepancy if any existed. Then if that is so, and this Thalhimer bill ought to have been entered and was not in fact so entered on the Auditor's book, and the rule was that at the end of the day's business the cash received by the Treasurer was made up and reported to the Auditor, is it not a fact that we been found out?

Is it not so arranged that without collusion it must have been found out by reason of one of two things—either by a comparison of the books or the Treasurer's cash falling short? A. No, sir; not necessarily so. The Treasurer Recalled. Treasurer Childrey was recalled at this point, all of the other Commonwealth's wincesses having been examined, and being shown the settlement-book was asked to examine it and say how many settlements in all were in Mr. Grymes's handwring. A. I saw about two. Q. How many settlements are there? Count them.

OTHER PROPLE'S WRITING.

Q. Is there in this book the writing of anybody except Mr. Grymes? asked Major Stringfellow, showing the Treasurer's books?

Mr. Childrey examined the book and said: "I see that Mr. Grymes and myself wrote in it, and I also see one entry that is very much like Mr. Reynolds's. Q. "I don't know," replied Mr. Childrey. Q. You say that four besides Mr. Grymes have access to his money-drawer. A. Yes. Mr. Greenhow, Mr. Craig, Mr. Reynolds, and myself. Q. Which Mr. Reynolds? A. I do not remember whether this place was blank on the 24th or not as there were a great many blanks on the book at that time." Gas.Inspector W. P. Knowles was next called and made a brief statement as to the details of making out the gas bulls. Testimony of Mayor Ellyson. This ended the proceedings. A POPULAR PHISONER. It cannot be truthfully said that Mr. Grymes's friends deserted him in the hour of his need. On his way in and out of the court-room yesterday hands were extend-ed to him from every side. Few words were exchanged, but it was one of those cases where actions speak louder than words. One notizeable feature about the trial was that there was none of the levity gene-rally seen in large crowds. All seemed to feel that a friend was in trouble, and whether he was guilty or not, were sorry

Testimony of Mayor Ellyson. Mayor Ellyson being put on the stand gave a statement of the circumstances of Mr. Grymes's arrest. His account, which was brief and to the point, was as follows: On the morning of the 4th of March Mr. Childrey and Mr. Grymes came to my office about 10 o'clock. I greeted them cordially and asked them to beseated. Mr. Grymes said: "If you knew my errand you would not greet me so kindly." Itold him, "You know you are always welcome to my office." Mr. Childrey then went on to tell me that certain bills collected by Mr. Grymes had not been put down on the Treasurer's book, but were marked paid in what seemed to be Mr. Grymes's figures in the Auditor's book. I asked Mr. Grymes it he had receipted the bills, and he said he had. I then asked about the figures on the Auditor's books, and Mr. Grymes said: "They seem to be mine, but if they are I must have made them while asleep." CITY ATIOENEY CONSULTED.

CITY ATTOENEY CONSULTED. I said: "This is a very serious matter," and sent for the City Attorney and he and I talked the matter over. Turning to Mr. Grymes, I said: "I have now to perform one of the most painful duties of my offi-cial life, that of suspending you from office and ordering you under arrest." I tele-phoned to the Police Justice without tell-ing him what I wanted. While waiting for him to arrive I asked Mr. Grymes If he could not suggest some theory or give some explanation of the matter. ernor say. Yesterday an inspection was made of Pinel Hospital by Drs. Nash, Blanton, and Oppenhimer. The two former visited the institution in the morning and the latter made his examination in the evening. These gentlemen were appointed a com-mitee of inspection by the Gov-ernor, to whom a paper had been presented signed by about twenty citizons of the neighborhood of the institution complaining of its condition and management and alleging that it was generally offensive to the people of the vi-cinity. The committee meet last night to frame their report, which will be presented to the Governor this morning. The sub-stance of the report is that they made a careful and complete examination of the premises and discovered nothing worthy of advorse criticism. They found the vance not to make much of a fight in the lower court. They cross-examined the witnesses very mildly, and except a few of the questions asked Mr. Chil-drey by Major Stringfellow there was nothing to indicate the line of defence that will be followed. These were directed at the method of conducting business in the Treasurer's office and great stress will doubtless be laid on the fact that several persons had access to the money-drawer of Mr. Grymes. premises and discovered nothing worth% of adverse criticism. They found the building well lighted and ventilated and the entire place in good condition. There is little sickness among the patients and no evidence of bad treatment. The resident physician, Dr. Franklin, informed the committee that there had been only two cases of fever in the hospital in the last two years.
